Technical Notice 18-012

Extended Trading Hours Readiness Test **Reminder to Subscribe**

Pursuant to technical notice [18-011](#) announcing the extended trading hours readiness test, Bourse de Montréal Inc. ("the Bourse") wishes to remind its participants that they must contact the Technical Help Desk to register and validate their access by August 17, 2018.

It is recommended that the participants connect to the trading system via their testing environment and that their clearing agents be advised. This will reduce the risk of impacting production systems and alerting affected clearing members with testing data.

On August 25, 2018, upon conclusion of the test, please send an email to samsupport@tmx.com with the following information:

Firm name and ID: ABC / BDM004

Application tested: ATR, TMS, HSVF, OBF, Clearing API, Drop Copy, SAIL, FIX

Successful trade on: BAX, OBX, CGB

Comments: Describe any issues you may have encountered during the test, including how they were resolved or if further investigation is required.

Thank you for your collaboration.
