Bourse de Montréal Inc. (the “Bourse”) will release an enhancement to its SAIL Drop Copy service on Monday June 29th, 2020.

The enhancement does not require a protocol change.

SAIL DROP COPY FILTER

Participants will have the option of filtering the Drop Copy by either:

- Trader ID

If no filter is used, the Drop Copy will contain an entire firm’s Trades and Orders (current behavior).

Filtering is configured by our technical support desk upon request by email to the address in the signature. The updated TMX Service Request Form can be found [here](#).
