

CIRCULAR 003-19

January 4, 2019

**RESTATEMENT OF S&P/TSX 60 INDEX STANDARD FUTURES (SXF)
OPEN INTEREST**

Bourse de Montréal Inc. (the “Bourse”) hereby wishes to inform its participants that the Canadian Derivatives Clearing Corporation (“CDCC”) has reviewed the open interest figures for the S&P/TSX 60 Index Standard Futures (SXF) December 2018 quarterly expiry. The open interest statistics published by the CDCC for certain trading days were erroneous as they reflected certain trade booking errors which have resulted in the overstatement of SXF open interest.

After review, the corrected open interest statistics are as follows:

Date	Open Interest
2018-12-19	101 855
2018-12-20	87 035

Please note that the open interest figures above represent the open positions as of the end of day for each indicated date.

Relevant corrections to other open interest publications, such as on TMX websites or through third-party vendors, will follow in subsequent days.

For additional information, please contact Gladys Karam at 1 (514) 871-7880 or by email at gladys.karam@tmx.com.
