**CIRCULAR**  
May 31, 2012

**SELF-CERTIFICATION**

**Reduction of the S&P/TSX 60 Index Option (SXO) Contract Size**

**Amendments to Articles 6651, 6654, 6773 and 6775 of Rule Six**

The Rules and Policies Committee of Bourse de Montréal Inc. (the “**Bourse**”) has approved the amendments to the specifications of the S&P/TSX 60 Index Options contract (the “**SXO contract**”) and to the articles 6651, 6654, 6773 and 6775 of Rule Six (“**Rule Six**”) of the Bourse in order to reduce the multiplier of the SXO contract, from 100 per S&P/TSX 60 index point to 10 per S&P/TSX 60 index point. The Bourse wishes to advise Approved Participants that such amendments were self-certified in accordance with the self-certification process as established in the *Derivatives Act* (R.S.Q., chapter I-14.01).

The amended Rule Six, that you will find attached, will become effective on **June 25, 2012**. Please note that it will also be available on Bourse’s website ([www.m-x.ca](http://www.m-x.ca)).

**RULE SIX**

**TRADING**

**B. SPECIAL RULES FOR TRADING EQUITIES - CDNX**

(22.11.99, abr. 12.02.02)

**C. OPTIONS**

**Section 6651 - 6670  
Limits and Restrictions**

**6651 Position Limits**

(06.08.86, 19.05.87, 08.09.89, 06.08.90, 20.03.91, 10.11.92, 07.04.94, 08.07.99, 07.09.99, 11.02.00, 28.01.02, 26.09.05, 20.05.10, 25.06.12)

- A) Except as provided in paragraph D) of this article, no approved participant or restricted permit holder shall make for any account in which it has an interest, or for the account of any client, an opening transaction if the approved participant or the restricted permit holder has reason to believe that as a result of such transaction the approved participant or its client, or the restricted permit holder would, acting alone or in concert with others, directly or indirectly, hold, control or be obligated with respect to a position on the same side of the market relating to the same underlying interest (whether long or short) in excess of the position limits established by the Bourse.
- B) Except otherwise indicated, the applicable position limits are as follows:
1. Stock or index participation unit options
    - a) 13,500 contracts where the underlying security does not meet the requirements set out in sub-paragraphs B) 1. b) and B) 1. c) of this article;
    - b) 22,500 contracts, where either the most recent interlisted six-month trading volume of the underlying interest totals at least 20 million shares, or the most recent interlisted six-month trading volume on the underlying interest totals at least 15 million shares and at least 40 million shares are currently outstanding;
    - c) 31,500 contracts, where either the most recent interlisted six-month trading volume in the underlying interest totals at least 40 million shares, or the most recent interlisted six-month trading volume on the underlying interest totals at least 30 million shares and at least 120 million shares are currently outstanding.
    - d) 60,000 contracts, where either the most recent interlisted six-month trading volume in the underlying interest totals at least 80 million shares, or the most recent interlisted six-month trading volume on the underlying interest totals at least 60 million shares and at least 240 million shares are currently outstanding.
    - e) 75,000 contracts, where either the most recent interlisted six-month trading volume in the underlying interest totals at least 100 million shares, or the most recent interlisted six-

month trading volume on the underlying interest totals at least 75 million shares and at least 300 million shares are currently outstanding.

f) 300,000 contracts for options on the following index participation units:

- units of the iShares S&P/TSX 60 Index Fund (XIU).

2. Debt options

8,000 contracts;

3. Index options

500,000 contracts;

4. Options on futures

The number of contracts established as the position limits for the underlying futures contract.

For the purpose of this article, options contract positions are aggregated with the underlying futures contract positions. For aggregation purposes, the futures equivalent of one in-the-money option contract is one futures contract and the futures equivalent of one at-the-money or out-of-the-money option contract is half a futures contract.

5. Sponsored options

The position limits described above apply to sponsored options. However, these position limits must be adjusted by using an equivalent unit of trading.

When the underlying interest is traded on a market other than the Bourse, the position limits of this market apply to sponsored options by using an equivalent unit of trading.

6. Currency options

40,000 contracts when the trading unit is 10,000 units of foreign currency. The limit will be adjusted to obtain the same notional amount if the trading unit is amended or if the Bourse introduces new trading units.

C) For the purpose of this article:

1. calls written, puts held and short underlying interest are on the same side of the market and puts written, calls held and long underlying interest are on the same side of the market;
2. the account of an individual member or of the holder of a restricted trading permit will not be counted with that of his clearing member unless the clearing member has an interest in the account;
3. the Exchange may, by notice, change the position limits. A change in the position limit will be effective on the date set by the Exchange and reasonable notice shall be given of each new position limit.

D) Conversions, reverse conversions, long and short hedges

1. For the purposes of this article the following defined hedges are approved by the Exchange:
  - a) conversion: where an opening long put transaction in any option is entirely offset by an opening short call transaction having the same expiry month and strike price in the same option class, either of which option transaction is effectively hedged by a long position in the underlying interest of the option;
  - b) reverse conversion: where an opening short put transaction in any option is entirely offset by an opening long call transaction having the same expiry month and strike price in the same option class, either of which option transaction is effectively hedged by a short position in the underlying interest of the option;
  - c) short hedge: where an opening long call transaction or an opening short put transaction in any option is entirely offset by a short position in the underlying interest of the option;
  - d) long hedge: where an opening short call transaction or an opening long put transaction in any option is entirely offset by a long position in the underlying interest of the option.
2. In addition to the options position limits set out in paragraph B), any one account may hold an amount not exceeding the applicable paragraph B) limit of any combination of the approved hedge positions defined in sub-paragraphs D) 1. a) to D) 1. d), inclusive.
3. For all position limits set out in this article, in the case of conversion and reverse conversion as defined in paragraph D) 1. a) and b), such limits shall apply as if calls written and puts held, or puts written and calls held, as the case may be, were not on the same side of the market.

E) Exemption

As described in Policy C-1, a member may file with the Exchange an application to obtain on behalf of a bona fide hedger an exemption from the position limits prescribed in this article. The application must be filed on the appropriate form, no later than the next business day after the limit has been exceeded. If the application is rejected, the member shall reduce the position below the prescribed limit within the period set by the Exchange. The Exchange may modify any exemption which has been previously granted. A bona fide hedger may also under certain circumstances file directly with the Exchange, in the form prescribed, an application to obtain an exemption from the position limits prescribed by the Exchange.

**6654 Reports Related to Position Limits**

(05.08.75, 15.11.79, 24.04.84, 20.03.91, 10.11.92, 07.04.94, 07.09.99, 11.02.00, 28.01.02, 26.09.05, 25.06.12)

- a) Each approved participant shall file with the Bourse, no later than three business days following the last business day of each week, a report in such form as may be prescribed, giving the name and address of any client who, on the last business day of any week, held aggregate long or short positions in excess of:
- i) 250 contracts, in the case of stock and bond and 500 contracts, in the case of index participation units;
  - ii) 15,000 contracts, in the case of index options;
  - iii) 500 contracts, for currency options;
  - iv) 250 options or futures equivalent contracts (as defined in article 6651) with respect to a position involving the option and the underlying futures contract, in the case of options on Government of Canada Bond futures;
  - v) 300 options or futures equivalent contracts (as defined in article 6651) with respect to a position involving the option and the underlying futures contract, in the case of options on Canadian Bankers' Acceptance futures;
- on the same side of the market in any single class. The report shall indicate for each such class of options, the number of contracts comprising each such position and, in the case of short positions, whether covered or uncovered.
- vi) The position limits requirements described above apply to sponsored options by using an equivalent unit of trading.
- b) In addition to the reports required above, each approved participant shall report immediately to the Bourse any instance in which the approved participant has reason to believe that a client, acting alone or in concert with others, has exceeded or is attempting to exceed the position limits established in article 6651.
- c) For the purposes of this article, the term "client" in respect to any approved participant shall include the approved participant, any general or special partner of the approved participant, any officer or director of the approved participant, or any participant, as such, in any joint group or syndicate account with the approved participant or with a partner, officer or director thereof.

## OPTIONS ON THE S&P/TSE 60 STOCK INDEX

### Section 6771 - 6779

#### Specific Rules Concerning the Contract Specifications

(07.09.99)

#### **6771 Application of Specific Rules**

(07.09.99, 29.04.02)

In addition to articles 6571-6700 of the Rules, options on the S&P/TSE 60 Stock Index shall be subject to the Rules contained in this section.

#### **6772 Nature of Options**

(07.09.99, 31.01.01, 29.04.02)

A buyer of one S&P/TSE 60 Stock Index option may exercise his option only on the expiration date ("European style") to receive a cash payment equal to the difference between the strike price and the official opening level of the S&P/TSE 60 Stock Index on the expiration date, as provided for in article 6676 a) of the Rules.

The seller of one S&P/TSE 60 Stock Index option has, if the option is exercised, the obligation of rendering payment equal to the difference between the strike price and the official opening level of the S&P/TSE 60 Stock Index on the expiration date, as provided for in article 6676 a) of the Rules.

#### **6773 Trading Unit**

(07.09.99, 25.06.12)

The multiplier for one option contract shall be CAN \$10 per index point of the S&P/TSE 60.

#### **6774 Strike Prices**

(07.09.99)

Strike prices are set at a minimum of 2.5 index point intervals.

#### **6775 Minimum Price Increment (Tick Size)**

(07.09.99, 25.06.12)

The minimum tick size shall be:

.05 index point intervals equivalent to CAN \$0.50 per contract for premiums of .10 index points and over; and

.01 index point intervals equivalent to CAN \$0.10 per contract for premiums of less than .10 index points.

**6776 Daily Price Limit**  
(07.09.99, 29.04.02)

The Bourse will halt trading in options on the S&P/TSE 60 Stock Index in accordance with the Circuit Breaker Policy (T-3) of the Bourse.

**6777 Last Trading Day**  
(07.09.99)

Index options shall cease trading on the Exchange trading day preceding the Expiration Date of the contract month, as defined in article 6637 b) of the Rules.

**6778 Trading Hours**  
(07.09.99, 29.04.02, abr. 06.01.03)

**6779 Trading Halts or Suspensions**  
(24.09.01)

- A) Trading on the Bourse in an option on the S&P/TSE 60 stock index shall be halted whenever a Market Supervisor shall conclude, in his judgement, that such action is appropriate in the interests of a fair and orderly market. A Market Supervisor must take the following factors into account when deciding whether to halt or suspend trading in an option on the S&P/TSE 60 stock index class:
- i) for options on the S&P/TSE 60 stock index, the extent to which trading is not occurring in stocks underlying the index;
  - ii) for options on the S&P/TSE 60 stock index, whether the most current calculation of the index derived from the current market prices of the stocks is available;
- B) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present.
- C) Trading in options on the S&P/TSE 60 stock index of a class or a series that has been the subject of a halt or suspension by the Bourse may resume if a Market Supervisor determines that the interests of a fair and orderly market are served by a resumption of trading. Among the factors to be considered in making this determination are whether the conditions which led to the halt or suspension are no longer present and the extent to which trading is occurring in stocks underlying the index.
- D) Once trading resumes, the pre-opening stage shall be done in accordance with article 6376 of the Rules.
