LIST OF SECURITIES ELIGIBLE TO A REDUCED MARGIN RATE

Please find enclosed the list of securities eligible to a reduced margin rate (the LSERMR), which has been prepared using data available for the quarter ended June 30, 2004. This list must be used to identify securities eligible to a reduced margin rate, as defined in paragraph 3) of article 7213 of the Rules of Bourse de Montréal Inc.

A separate section details those securities that have qualified for inclusion on the list solely because they are securities on which options issued by Options Clearing Corporation (O.C.C.) are traded.

This list supersedes the list issued on May 28, 2004 by Bourse de Montréal Inc. in its circular no. 075-2004 and becomes effective September 10, 2004.

For further information, please contact Eric Bernard, Financial Analyst, Regulatory Division, at (514) 871-4949, extension 373, or by e-mail at ebarnard@m-x.ca.

Joëlle Saint-Arnault
Vice-President, Legal Affairs and Secretary

Encl.

Circular no.: 108-2004

List of Securities Eligible to a Reduced Margin Rate

[effective from September 10, 2004 until replaced by a subsequent list]

List of Securities Eligible to a Reduced Margin Rate

Attachment #1

Eligibility Criteria

For the selection of securities eligible to a reduced margin rate, the securities must meet the following criteria:

General Inclusion Requirements

Price volatility measures

- Calculated price volatility margin interval $\leq 25\%$
- Market value per share $\geq \$2.00$ per share

Liquidity measures

- Dollar value of public float greater than \$50 million
- Average daily trade volume for each month in the quarter $\geq 10,000$ shares per day for at least two out of the three months in the quarter
OR
- An equivalent average daily traded value amount for each month in the quarter ended $\geq \$500,000$ per day [to accommodate high price securities]

Listing requirements

- Listed on a Canadian exchange for six months
OR
- Listed on a Canadian exchange less than six months, with:
 - Market value per share $\geq \$5.00$ per share;
 - Dollar value of public float greater than \$500 million; and
 - In the discretion of IDA staff, the issuer company is in an industry sector known for low price volatility

Other Inclusion Requirements

- A new security listing resulting from an issuer reorganization that:
 - is substantially the same as a previous security listing;
 - has a combined calculated price volatility margin interval for the old and the new listing of $\leq 25\%$; and
 - meets all the other *General Inclusion Requirements* for ongoing listings.

For the purposes of this requirement, the term “substantially the same” means a new security listing that represents between 80% and 120% of the public float of a previous security listing.

- A Canada/United States inter-listed security against which options issued by The Options Clearing Corporation are traded
- A security that is senior to or convertible into a security that meets the *General Inclusion Requirements* or *other Inclusion Requirement* above
