# Technical Notice 21-012

## Decommission of Montreal Exchange FTP Server

Bourse de Montréal Inc. (the “Bourse”) wishes to announce that it will permanently decommission its FTP File sharing server that is now in production and used for sharing PAR Service files, EOD Trade Files and some MM Performance Monitoring reports. The reports will continue to remain in service but will move to a new server that is SFTP (Secured File Transfer Protocol).

### IMPORTANT

- The FTP server will be decommissioned on January 31st, 2022
- The existing SFTP (Secured File Transfer Protocol) is already available with most clients already migrated and current FTP only clients can move to this SFTP to download the same files immediately.
- Clients can get the SFTP IP and Port by contacting the MX THD at [technicalsupport@tmx.com](mailto:technicalsupport@tmx.com) to obtain the service request form to request the change.

Please direct any question, comment or request for additional information, to our Technical Support Desk.
