**CIRCUIT BREAKER POLICY (T-3)
2002 FIRST QUARTER LEVELS OF INTERVENTION**

As provided for in its Circuit Breaker Policy (T-3), Bourse de Montréal Inc. has calculated for the next quarter the levels of intervention at which trading halts will be executed following respective 10, 20 or 30% drops in the Dow Jones Industrial Average ("DJIA") of the New York Stock Exchange ("NYSE").

Bourse de Montréal Inc., in coordination with the TSE and the NYSE, will halt trading in its listed securities and S&P/TSE 60 Stock Index futures contracts, as set forth in its Circuit Breaker Policy, after respective drops of 1,000, 2,000 and 3,000 points in the DJIA.

These levels will remain in effect until the next review which will take place in April 2002, considering the March 2002 average daily closing level of the DJIA.

For any question relating to the Circuit Breaker Policy, please call Yves Cloutier, Supervisor, Market Surveillance, Regulatory Division, at (514) 871-3525.

Joëlle Saint-Arnault
General Counsel and Secretary
