REPORTS OF ACCUMULATED POSITIONS ON DERIVATIVE INSTRUMENTS (LOPR)

Reminder Concerning LOPR Reportable Dates

The Regulatory Division would like to remind Approved Participants of their obligation to file daily reports of accumulated positions (“LOPR”) held on derivative instruments listed on Bourse de Montreal Inc. (“the Bourse”) in accordance with [Article 6.500](#) of the Rules of the Bourse.

As specified under part 2.1 of the [LOPR Regulatory Requirements Guide](#), Approved Participants must ensure that the **report date** corresponds to the **trading day** for which the position report has been compiled. For example, if the position report reflects positions at the end of the trading day on April 2, the “report date” must indicate April 2.

LOPR must be compiled for every trading day and transmitted to the Bourse via the LOPR reporting tool before 9:00 a.m. (ET) on the business day following the trading day. For the purpose of LOPR, weekends and days where all of the Bourse’s markets are closed (“Interest Rate Derivatives” and “Equity, Currency, ETF, Index Derivatives, Share Futures and BTC”) do not constitute a trading day. The days the Bourse’s markets are closed can be found on the Bourse’s website at https://www.m-x.ca/qui_jours_en.php. For ease of reference, these dates and the corresponding LOPR requirement have been listed below.

Finally, please refer the Bourse's [List of Fees](#), to consult the fees related to the late filing or the failure to submit LOPR.

The correct identification of the **trading day** for which the positions are being compiled is a critical element that enables the Bourse to accurately assemble LOPR data for position limits monitoring purposes.

The Regulatory Division considers LOPR requirements to be a core component of the preservation of market integrity. LOPR requirements are therefore of the utmost importance to the Bourse, and will be diligently monitored and enforced.
